RE: NPDES Permit # TN0080462

Dear Mr. Janjic:

I am writing to formally request that my current National Pollutant Discharge Elimination System (NPDES) permit be terminated for my Concentrated Animal Feeding Operation (CAFO). I also request that a coverage under the general State Operation Permit for CAFOs (SOPC) be issued for my CAFO. These requests are made in response to the U.S. Court Appeals, Fifth Circuit Court decision of March 2011. This court ruled that only CAFOs which discharge are required to obtain coverage under a NPDES permit. My farm does not discharge; therefore, it does not require NPDES coverage.

I am enclosing a revised Notice of Intent (NOI) form. The approved Nutrient Management Plan for my farm currently on file with TDEC is still accurate and valid. Please let me know if you need anything else from me to assist with this change in permit coverage.

Sincerely,

: //enclosure
